

God, scripture tells us You are near to the broken hearted.
Do you see the pain of our nation?
Do you see the pain of families torn apart by violence?
Your people are suffering. Hearts have been broken by the brutality of racism and violence across our country. Please see our pain.
Lord, hear our prayers.
Lord, have mercy on us.

God, scripture says You reign over all the nations.
Do you see the destruction of our world?
We don't understand how your hand can be in all things if our world is being brought to its knees by unfathomable violence. It's difficult to see your presence in the events around the world, and in our nation the past few weeks.
Lord, hear our prayers.
Lord, have mercy on us.

God, you have a heart for the justice of all people.
Do you see the injustice in our nation's history, present day, and future?
We are devastated by the injustice surrounding us. It isn't right that fathers, wives, children, and friends can be taken from their families.
Lord, hear our prayers.
Lord, have mercy on us.

God, you have taught us to pray 'on earth as it is in heaven.'
Does your heart break for us? Do you see how lost your people are?
We want to see Your kingdom here on earth. Bring Your justice, healing, and righteousness.
Lord, hear our prayers.
Lord, have mercy on us.
